Re: Reference Letter for Stephen Perino

To Whom It May Concern:

I am pleased to write this letter of reference for Mr. Stephen Perino, whom I have known professionally for approximately 2 years. As a structural engineer, I have had many opportunities to work with Mr. Stephen Perino on various projects. He has played an integral part as a lead cost estimator on large condominium and mixed-use projects in which I have been involved.

Not only is Mr. Perino very experienced and knowledgeable in his field, but his willingness to collaborate with both the developer and the design consultants was essential to the success of these projects. He is well respected not only for his skill as a cost-estimator, but for his personable demeanor and his ability to work together well with others.

I have no doubt or reservations with Mr. Perino's skill, and wish him success in his new endeavors.

Sincerely,

Tatsuya Kiguchi, P.E.
